The Church actually started in our living room, after Tom was saved in early 1950. We had 13 in attendance the first Sunday. It grew quickly to 39 and we had our meetings in North Davis Junior High school. We soon increased to 99 and built the "Little White Church" on a vacant lot right next to our house ^{we owned} in 1951. It soon was too small and then we built the church in Clearfield. It is now used as a respiration school.

We goer to about 200 then built the Church we are now in, Mountain View Baptist Church.

I was told, a few years ago, that we had grown to over 1000 members!

I am ~~so~~ ashamed, and devastated that we seldom get to attend.
